TREASURY DEPARTMENT, May, 1849.

CEPARATE PROPOSALS for furnishing the stationery and for executing the printing of this Department during the fiscal year ending June 30, 1850, will be received until 3 o'clock, p. m., on the 25th day of June next. Those unaccompanied by satisfactory testimonials of ability to fulfil a contract will not be considered.

All the articles of stationery must be of the very best quality—samples of the principal articles of which, such as paper, quills, metallic pens, lead pencils, knives, ink, &c., must accompany the bids, put up in classes as per schedule; and the Department reserves the right to retain such samples, and pay for the same at the prices stated in the offer, or to return them, at its option. No bid will be considered where the articles accompanying it are not of the kind and quality required for the Department.

sidered where the articles accompanying it are not of the kind and quality required for the Department.

Each proposal must be signed by the individual or firm making it, and must specify a price, and but one price, for each and every article contained in the schedule. Should any articles be required not enumerated, they are to be furnished at the lowest market prices, according to quality. Blank forms for proposals will be furnished at the Department to persons applying for them; and as without uniformity therein the Department would find it difficult to make a decision, none will be taken into consideration unless substantially agreeing therewith. The printing must be executed with new and perfect type, and on the best paper used for the different descriptions required. The paper for the printing will be furnished by the contractor; the Department, or the office ordering it, to designate the kind of paper and type, whether script or otherwise, and the number to go on a sheet, when the matter or article will admit of more than one.

Each class will be considered separately, and, all other things being equal, it will be assigned to the lowest bidder. Where more than one class is assigned to a bidder, they may all be embraced in one contract; and each bidder who may have one or more classes assigned to him, shall take all such classes, or forfeit his right to any portion of the contract.
